

Alphabet Train

Make letter recognition fun for toddlers!

Alphabet Train

Date: 05/04/2020

Alphabet train letter game

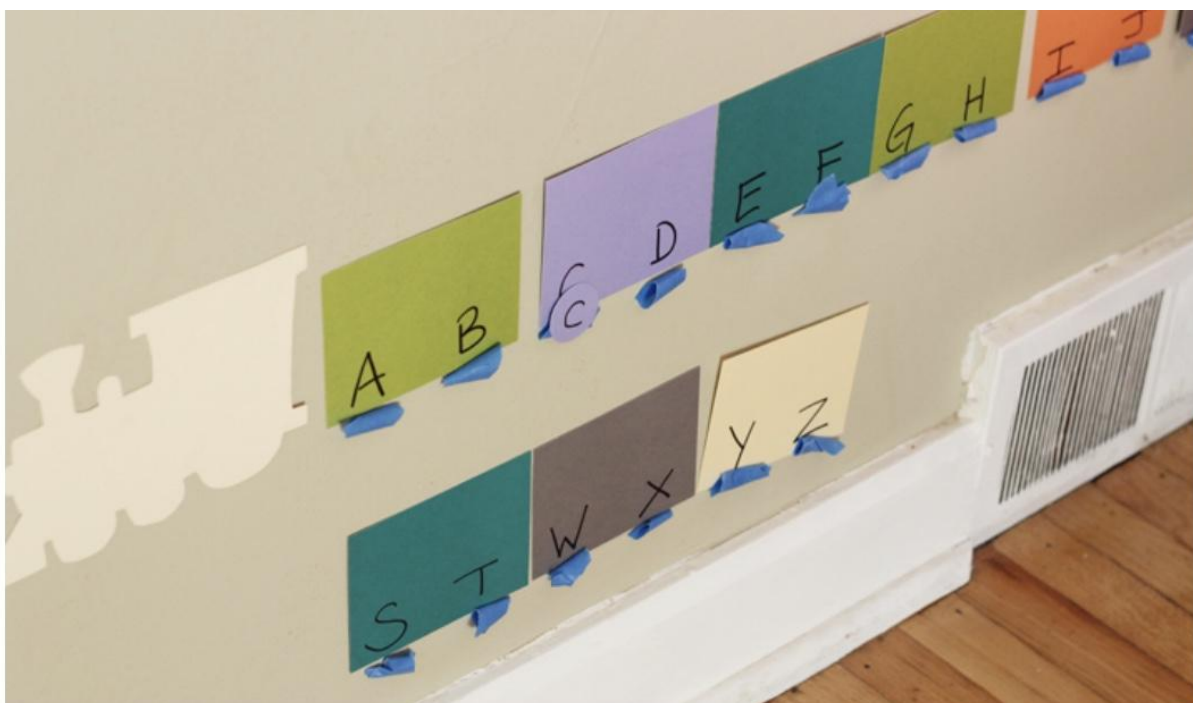

- Using my circle punch that I bought to make a paper, circle garland, I punched out 26 circles and wrote a letter on each one.

- On some cardstock cards that were pre cut I wrote two letters per card and tape them to the wall.

- Using my silhouette machine, Cut out a train shape. If you don't have a cutting machine use a stencil. Cut the stencil out, Trace around it on the paper you want to use and then cut it out.

- Use painters tape below each letter to make sticking and removing letters easy.

Now, encourage your toddler to match up the “wheel” to where it goes on the train. You can make it fun for them by letting it out a big “Choo choo!!” Every time they get a letter in the right place trust me they’ll love it!

Enjoy !
